

Discproducer™ PP-100III CD/DVD/Blu-ray Disc® Publisher and Printer

Discproducer

POS

High-quality CD/DVD/Blu-ray printing and publishing at a remarkable value.

Simple, unattended production — easily create multiple CD, DVD or Blu-ray discs

High-quality printing — get sharp text and stunning graphics with patented MicroPiezo® technology

Economical and easy to maintain — low total cost of ownership

Compatibility — comes standard with USB connectivity

Individual ink cartridges — six high-capacity cartridges, each with low-ink sensors

Reliable — robotic arm and patented AcuGrip® technology ensure that only one disc is placed in the drive or on the printer at one time

Convenient — easy front access to the disc drive

Built to last — features a field-replaceable waste tank

Compact, durable design — rugged construction in space-saving format

Industry-leading service and support — for added peace of mind

Publication Speed

Low Volume Mode up to 50 CD/DVD/Blu-ray
Standard Mode up to 100 CD/DVD/Blu-ray
External output of up to 5 CD/DVD/Blu-ray, access to output via front tray

Print Specifications

Speed Mode up to 65 discs/hour at 1440 dpi x 720 dpi
Quality Mode up to 45 discs/hour at 1440 dpi x 1440 dpi

Ink Pad Life¹

Approximately 15,000 discs

Ink Cartridges²

Type of Ink Dye-based ink
Colors Cyan, Magenta, Yellow, Light Cyan, Light Magenta, Black
Performance³ 1,000 discs or more based on 16.7% coverage, Continuous Mode and Thin Mode

Supported Media

Size Only standard 120 mm discs
Type CD-R, DVD±R, DVD±R DL
Surface Inkjet printable

Writing Speeds

Standard 2 drives
CD Maximum 40x
DVD-R, DVD+R Maximum 8x
DVD-R DL, DVD+R DL Maximum 8x
Blue-Ray-R, R-DL Maximum 8x, 6x

External Dimensions

Width: 14.84", Depth: 19.41", Height: 13.70" (excluding AC/USB cables)

Weight

Approximately 52.9 lb (including slackers and ink cartridges, excluding AC cable/discs)

Software

Epson Total Disc Maker V7.00 and Epson TD Bridge V7.00 (for Windows®), Epson Total Disc Maker V3.00 (for Mac®)

Computer Requirements

Operating Systems Windows 10, Windows 8.1, Windows Server® 2019/2016/2012/2012, R2/2008, SP2/2008, R2; Mac Mojave v10.14/High Sierra v10.13/Sierra v10.12/OS X10.11/10.10/10.9
CPU Core Duo T2700/Core2 Duo E6300 or higher
HDD Capacity 30GB or larger, 7200 rpm or more
Graphic Environment XGA or more

Interface

USB 2.0 (Hi-Speed)

Warranty

1-year standard limited warranty (available extended service options)

Eco Features

Recyclable product⁴
Epson America, Inc. is a SmartWay® Transport Partner⁵

What's in the Box

Discproducer PP-100III, six individual ink cartridges, power supply, USB cable, Total Disc Maker software CD

Black, PJ1C6(K)	C13S020452

¹ The printer's ink pad is estimated to become saturated and should be replaced after approximately 75,000 discs for the PP-100III model and 15,000 discs for the PP-50II model. It is based on printing 2,000 discs per month, bidirectional. The real results vary and depend on factors such as print images, print settings, media type, frequency of use, and temperature. The ink pad can be replaced by the user only on the PP-100III model. | ² This product uses only genuine Epson-brand cartridges. Other brands of ink cartridges and ink supplies are not compatible and, even if described as compatible, may not function properly. | ³ Actual cartridge yields may be lower if high-density images are printed, in dusty or high-temperature environments, less frequently or predominantly with a color. All ink colors are used for printing and maintenance and all colors must be installed to print. To ensure print quality, some of the ink from the included cartridges is used for printer configuration and a variable amount of ink remains in the cartridges after the cartridge replacement signal is activated. | ⁴ For convenient and reasonable recycling options, visit www.epson.com/recycle | ⁵ SmartWay is an innovative partnership of the U.S. Environmental Protection Agency that reduces greenhouse gases and other air pollutants and improves fuel efficiency.
